Correction

On page 7 of the March City Update, the accompanying photo named Hockey Association President as Gary Kershaw – the man appearing in the photo and Hockey Association President is actually Brian Kershaw. Townsville City Council apologises for our error.

Townsville hospitality will shine this winter

This year, more than any other in our city's history, we can look forward to an influx of visitors, chasing the thrill of the Townsville 400 V8 Supercar race.

In tough economic times, our local businesses can look forward to a welcome boost as tourists flock to our city events. Our job is to capitalise on that barrage of visitors; to make them stay longer, indulge more and report back to their friends and family in testament of the warmth and beauty of our region.

Without our people, we are just another location on a map. With a warm smile and a

word of support, we are a prime destination for visitors.

We are supporting our winter program in two major ways. Firstly, we are a major sponsor of a variety of events including the Townsville Show and the Townsville 400. Secondly, we have rearranged our event program this year to directly deliver events that complement what is happening in the city. We are proud to present "A Super Welcome to Townsville" at Riverway, a family day of fun and entertainment, culminating in appearances by V8 Supercar drivers to meet their many fans. We are also

moving Strand Markets to the second Friday of the month, and boosting the event with live performances and more food stalls for a bumper evening out.

The efforts of the council, event organisers and Townsville Enterprise Limited in encouraging major events to the city are

only one part of a successful winter season. It requires the support of our entire community to encourage visitors to return, major sponsors to invest in events and event organisers to choose Townsville as a premier location.

I encourage you to get behind your city at this time, participate in what is on offer and make a visitor feel especially welcome through good service and excellence in hospitality. If we all play our part, Townsville will be the ONLY place to be when the winter winds blow in the southern states.
