

Works Notification

Wulguru Water Main Upgrade Works

Tuesday, 28 April 2026

What works are coming up?

Council is undertaking construction works to deliver a new underground water main and associated infrastructure along seven identified road corridors in Wulguru.

This project forms part of Council's annual Water Infrastructure Maintenance Program, which is designed to ensure our community's water connectivity needs are met and operating efficiently, while continuing to support the growth and development of our region.

When will the works take place?

Location	Seven Road Corridors, Wulguru (Highlighted overleaf)
Timing	From Tuesday, 5 May 2026 , Council expects the project to take six (6) months to complete, weather and project conditions permitting.
Hours	Normal work hours are from 6am to 6pm Monday to Saturday . In exceptional cases, work may be required outside these hours.

What will the works include?

As part of the works, Council will:

- install a new underground water main pipeline and remove/decommission the existing pipeline
- conduct testing operations and remediated disturbed areas.

What does this mean for me?

If you live in or are travelling through the area, you may experience:

- construction machinery and increased vehicle movement
- higher levels of dust, noise, and vibrations
- temporary traffic changes, including lane closures, reduced speed limits, minor delays, and on-street parking closures
- temporary disruption to vehicle access to properties
- minor water outages may occur during the works. Council will notify affected properties in advance to reduce any inconvenience.

Funding

Project funded by Townsville City Council
