This is Me - Challenge Sheet

1

The Challenge for all Curious Kids

- Technology is about creating solutions using science knowledge, practical skills, and tools.
- We are going to use an important technology skill and tool today - scissors.
- Who are you? Show us.

2

What do we need?

- Large paper (butcher's paper or check out your local newspaper printery for offcut paper rolls) or large cardboard
- Magazines or catalogues to cut out pictures
- Pens, paper, scissors, sticky tape, glue.

3

Explore & Create

- Get a friend to draw your outline on a piece of paper (this could be your hand or face profile if you don't want your whole body). How do we safely hold scissors? Where do I follow? Go slow and cut out your shape.
- More About me: Look through the magazines and find images, colours, feelings that describe you. Cut it out. Glue it on to your "Me" shape. Keep doing this until it is all filled up.

4

Question to Ask & Words to Use

- Try cutting on the line, Hold your scissors like this
- What do you like? Show me ...? What is this part about?
- Cut, slow, fast, like, dislike, thumb, fingers, scissors

5

Show & Share

- Display your "Me" collage.
- Show your friends.
- Explain how you created it and why you chose the images and colours.
