

INGHAM ROAD INTERSECTIONS UPGRADE

STAGE 2 – INGHAM ROAD / WEBB DRIVE INTERSECTION

FEBRUARY 2017

Everett and Weston Streets (**STAGE 1**) intersection is currently being constructed in accordance with the four-laning concept of Ingham Road.

Council also plans to upgrade the following intersections:

- Ingham Rd/Webb Dr Intersection
-> **2017/18 – STAGE 2**
- Ingham Rd/Enterprise St Intersection
-> **2018/19 – STAGE 3**

STAGE 2 Design Outline ->

- reconstruct the Webb Drive intersection to include multi-lanes, traffic signals and street lighting
- modify the Webb Drive intersection's associated drainage to accommodate the works
- construct a service road that will allow neighbouring businesses to access their properties safely and without interruption to Ingham Road traffic.

Have Your Say ->

Council is currently seeking community feedback in regards to the proposed four-lane conversion of Ingham Road and the upgrade of its associated intersections.

Please contact council if you wish to discuss the design or arrange a meeting.
