Location >> .....

Property description >> .....

Associated documents >> Report Number: .....

Drawing Number: .....

I, \_\_\_\_\_ being a registered on-site sewerage designer do hereby certify that:

- a) the design of the on-site sewerage facility/land application area for the above property has been designed in accordance with:
  - the *Plumbing and Drainage Act 2002* and associated Regulations
  - the *Queensland Plumbing and Wastewater Code*
  - relevant Australian/New Zealand Standards
  - *SC6.4.3.10 On-site sewerage facilities*
  - any additional requirements of council; and
- b) I am familiar with the regulatory requirements that are relevant for this design; and
- c) I accept professional liability for the interpretation of, conclusions drawn from and recommendations made as a result of this design; and
- d) The on-site sewerage facility/land application area (as designed) is appropriate for the allotment.
