

Council Works Notification

Water Main Construction Works Update

Work location: Hillside Crescent, Townsville City

Flyer delivery date: Friday, 2 July 2021

Townsville City Council is committed to delivering quality services, updating, and maintaining infrastructure and supporting jobs and has allocated a balanced budget to support our community through one of the toughest periods of our city's history.

Council has been successful in securing funding to improve our city's infrastructure and open spaces as part of the Works for Queensland Round 4 (W4Q4) initiative by the Queensland Government.

The program which is funded by the Queensland Government and delivered in partnership with Council aims to assist the Council's to build better infrastructure and create and sustain jobs locally as we Unite and Recover Together.

Council has commenced the rollout of W4Q4 projects across the city and as part of this program; your suburb of Townsville City will receive the **Hillside Crescent Water Main Renewal Project**.

Project Update:

GNM Group construction crews will continue excavation works along Hillside Crescent water main alignment installing dual 250mm Watermain pipe and backfilling as the crew progress through to the Stanley Street intersection.

The pipeline works will continue along branching down through the vacant block towards Stanley Street where it is highly anticipated large rocks will also be encountered for the remaining of this project.

Council advises that due to the stage and nature of these works that are currently underway there is the requirement to close the Goat Track connection through to Castle Hill. The track will be closed Monday through to Friday, from 6am through to 5pm inclusive. The track will be open to all pedestrian traffic outside of these times.

The **Goat Track Closure** will commence **Tuesday, 6 July 2021** for **three (3) weeks** with full track operations recommencing as of **Thursday, 29 July 2021** (weather and conditions permitting).

Works may involve:

- Excavation and machinery operations
- Closure of the footpath and some parking bays including the Goat Track
- Safety fencing installed for pedestrian and vehicles
- Noise, flashing lights and dust

GNM Group understands that this project requires traffic management and noise including ground vibrations from the rock breaker are impacting residents and we appreciate your understanding and patience throughout these works.

Normal work hours are **6am to 6pm Monday to Friday and 6am to 4pm on Saturday**. In exceptional cases, work may be required outside these hours.
