Goals and Objectives that identify strategic intent of Townsville City Council

**Corporate Plan**

**Goal 1 - A Prosperous City**

Deliver a strong and innovative economy for Townsville with sustainable growth and support for local jobs and businesses.

**Objectives that identify our strategic intent:**

1.1 Support local businesses, major industries, local innovation and employment growth.
1.2 Promote our economic and geographic strengths and market Townsville as a vibrant destination for commerce, education, research, tourism, entertainment and lifestyle.
1.3 Plan, support, provide and advocate for infrastructure and investment that supports innovation, residential and economic growth.
1.4 Maximize opportunities for economic growth by building and maintaining effective partnerships.

**Goal 2 - A City for People**

Enhance people’s experience of Townsville as a liveable and vibrant city by providing services that support the growth of an inclusive, knowledgeable, active, safe and healthy community.

**Objectives that identify our strategic intent:**

2.1 Provide services and local infrastructure that meet community expectations, support growth and provide for the needs of our community.
2.2 Improve the liveability of Townsville and encourage active and healthy lifestyles by providing accessible public facilities and community infrastructure.
2.3 Improve the vibrancy of Townsville by supporting the community’s access to, and participation in, a range of artistic, cultural and entertainment activities.
2.4 Enhance community knowledge of and access to council services to improve community wellbeing, health and safety.

**Goal 3 - A Clean and Green City**

Create a sustainable future for Townsville through the protection, maintenance and enhancement of our unique, natural and built environment.

**Objectives that identify our strategic intent:**

3.1 Plan, design and deliver sustainable development and support this by actively managing the natural environment and increasing green infrastructure, at both a city, suburb and place level.
3.2 Develop and implement long term solutions for the management of water and waste that are socially, financially and environmentally sound.

**Goal 4 - A Simpler, Faster, Better Council**

Transform the Townsville City Council into a simpler, faster and better council that is easy to work with, and for, and gains community trust by being transparent and managing its resources.

**Objectives that identify our strategic intent:**

4.1 Provide customer-focused services that meet the expectations of our community in a dynamic and adaptive manner.
4.2 Ensure that council’s plans, services, decisions and priorities reflect the needs and expectations of the community.
4.3 Be a valued and committed employer who provides a productive, inclusive and respectful environment for staff and the community.
4.4 Improve financial sustainability and provide value and accountability to the community for the expenditure of public funds.
4.5 Ensure that public funds are expended efficiently and that council expenditure represents value for money whilst supporting the local economy.

**ACKNOWLEDGEMENT OF COUNTRY**

The Townsville City Council would like to acknowledge the Bindal and Gurambilbarra Wulgurukaba peoples as Traditional Owners of the land on which our Council operates. We pay respect to Elders past, present and future and value the traditions, culture and aspirations of the first Australians of this land. We acknowledge and hold in great significance the valuable contribution that Traditional Owners have made and continue to make within the Townsville Community.

Mayoral Minutes

(i) Festival 2018 and Northern Australian Festival of Arts in 2019

The Mayor, Councillor J Hill delivered the following Mayoral Minute:

"This year as part of the 2018 Commonwealth Games celebration Townsville conducted the largest and most successful arts and culture event in the City's history, of course, Festival 2018. Held at Queens Gardens, Strand Park and, of course, Jezzine parklands. We hosted more than 170 concerts and performances with more than 800 hours of entertainment, workshops, over 700 performers, mostly locals, and nearly 100,000 people who attended during those few weeks for those world class events over the 12 days in April. I had committed to many of you because that event had worked so well that we would look to see what we can do into the next few years. Today I am very pleased to announce we will see a festival again. Delivering on our Council's commitment to create an annual arts and culture festival I am announcing today that in the month of July in 2019 we will see the birth of a festival celebrating the arts in a size and scale that will stamp Townsville's true place as an arts, culture and events capital of Northern Australia. The Northern Australian Festival of Arts will build upon our already strong cultural Winter season which features things such as the Australian Festival of Chamber Music, the Australian Concerto and Vocal Competition and, of course, the bi-annual Strand Ephemera by embracing all forms of performing and visual arts, literary events, a writers festival and a short film competition. Science and arts will collide and feature strongly in the festival with music, digital and electronic art forms showcased for the first time. Obviously one of the most popular things of Festival 2018 was the Spiegeltent which will return for an extended season in the Queens Gardens. This is a fantastic 100 year-old structure that will host national and international touring shows from Melbourne and Sydney as well as allowing local performers and produce shows from our local companies to be showcased in the Spiegel tent. It is Council's ambition to grow to include a fringe festival, the northern fringe, similar to the long established Adelaide fringe festival to provide independent artists of all forms opportunities to participate in fringe events held in venues such as our galleries, theatres, our cafes, pubs, laneways and even footpaths. The northern fringe, like Adelaide, will provide a marketing and brand umbrella over these registered and proved performances. The month of July 2019 will be showcased nationally as a time when this City will host, not only our traditional sporting and social events, but a month long season of arts, culture and science. Again, the likes that this City, this region and the north has never seen before. This festival will be not only for visitors but for locals to celebrate the rich cultural life that does exist in Northern Queensland, Northern Australia but most importantly right here in Townsville. I commend the Northern Australian Festival of Arts to you and to our community today and look forward to sharing some of the exciting programming announcements in the new year."

The Mayor, Councillor J Hill thanked the work of the staff for keeping this project alive during some negotiations.

(ii) Adele Young

The Mayor, Councillor J Hill delivered the following Mayoral Minute:

"I want to take this opportunity to thank, on behalf of Council and our community, the former CEO Adele Young for the work done to reform Townsville City Council. As many of you know Adele has since resigned from her position. Reforming an organisation is a difficult task and it's no secret that Townsville City Council needed a major overhaul of its priorities and processes. In August of 2016 Adele Young was hired to do just that; to implement the reform process that we had gone to the community as part of our election commitments. The change that Ms Young created in this organisation's culture and focus is one that I think we can be very proud of. Through Ms Young's hard work and persistence the organisation is now in a position to deliver on the key commitments and policies we made to the community during the last election. We are well on the way to delivering such things as our long term water security for our community by building stage one of the Haughton pipeline duplication and we have bipartisan commitment to fully federally fund stage two.
Ladies and gentlemen we have been able to secure nearly $400,000,000 of funding to ensure the water security for Townsville. We have not had to borrow one cent for that. The Townsville 2020 masterplan will help us transform our City with key community projects such as The Strand lagoon, the development of the Stadium Precinct and of course the Riverway Water Park. Importantly, we've had a huge focus, particularly in this year's budget, on creating jobs through infrastructure spend; more then $400,000,000. The reforms and red tape reduction that Ms Young was able to achieve in conjunction with many of the staff that are in this room will save Council $90,000,000, which is why we've been able to spend more money in boosting front-line services and infrastructure projects. Our Council workforce is now set up for the future with more than 100 apprentices and trainees on our books; a record for any council. I want to note that Ms Young's record of achievements should be noted and I'd like to, on behalf of all of you, wish her well on her future endeavours."

3 Construction, Maintenance and Operations - Forestry Road, Lynam

Executive Summary

Queensland Parks and Wildlife Service have brought to Council’s attention that Forestry Road within the Paluma Range National Park does not currently align with the road reserve and are seeking Council’s assistance to realign the survey plan of the road reserve to match the physical location of the road. This section of road is currently an unsealed road for approximately 6.7 km and serves a lease at the top of the range (currently held by the Department of Defence). This report recommends proceeding with a simultaneous road closure and opening for Forestry Road so that the physical road matches the road area on the cadastre.

Officer’s Recommendation

1. That Council support:
   • opening and closing portions of Forestry Road within the Paluma Range National Park;
   • confirmation that Council will accept a new gazetted road corridor; and
   • agreement from Council that they are prepared to relinquish parts of the existing road corridor for inclusion in the national park estate.

2. That Council arrange and pay for the survey of the existing road alignment in preparation of a new registered plan

Council Decision

It was MOVED by Councillor L Walker, SECONDED by Councillor K Rehbein:

"that the officer’s recommendation be adopted."

4 Townsville Water and Waste - Reef Councils Major Integrated Projects Proposal

Executive Summary

The Local Government Association of Queensland (LGAQ) coordinated the development of a Reef Councils Major Integrated Project proposal on behalf of all Reef region councils.

The Major Integrated Project proposes three key initiatives: Wastewater stewardship, Fish friendly councils and Best practice erosion and sediment control for unsealed roads. Implementation of these initiatives will help enable Councils to meet its obligations under both the Reef 2050 Water Quality Improvement Plan and the Reef 2050 Plan.

The Major Integrated Project is proposed as three-year period of pilots to trial, refine and develop capacity ($12 million) followed by a four-year accelerated implementation program to roll out the finalised initiatives across the Reef catchment ($44 million). Total cost over 7 years is $56 million.

Once the proposed Major Integrated Project is endorsed by a majority of Reef region councils, the LGAQ will seek funding from a range of external sources, including the Queensland and Federal governments, the Great Barrier Reef Foundation, and philanthropic and industry investment.

Officer’s Recommendation

1. That Council endorse the Reef Councils Major Integrated Project proposal as a prospectus for seeking external investment in priority collaborative actions by Queensland Reef region councils.

2. That Council resolve to allow the LGAQ to include its logo for the publication and promotion of the Reef Councils Major Integrated Project.

Council Decision

It was MOVED by Councillor A Greaney, SECONDED by Councillor C Doyle:

"that the officer’s recommendation be adopted."

5 Townsville Water and Waste - Expression of Interest for Water Allocation

Executive Summary

Townsville Water and Waste has held discussions with the proponents of the Burdekin Pipe Line project, who have expressed a firm interest in leasing a portion of Council annual water allocation.

Townsville Water and Waste consider the most appropriate way of testing the market under the existing purchasing policy is to seek an Expression of Interest (EOI) for potential buyers before proceeding to negotiation with any external organisations.

Townsville Water and Waste proposes to issue an Expression of Interest for a rolling 1-year lease over the forecasted surplus water allocation – under the express conditions that Council has termination rights and retains full access to this water.

Officer’s Recommendation

That Council approve the initiation of an Expression of Interest process for the Lease of unused Council water allocation from the Burdekin Dam on an annual basis.
Council Decision

It was MOVED by Councillor R Cook, SECONDED by Councillor K Rehbein:

"that the officer’s recommendation be adopted."

Executive Summary

An appeal was filed in the Planning and Environment Court by Paul Vincent Gleeson on 15 October 2018 against Council’s decision to approve a development application for material change of use (impact) for short term accommodation – camping grounds, situated at 2-8 Pollard Street, Horseshoe Bay.

The appellant is seeking an order from the court that the development application for material change of use for short term accommodation – camping grounds be refused and that Council assess the development application for material change of use for eucalyptus plantation.

Officer’s Recommendation

1. That Council resolve to defend the approval of the development application in Planning and Environment Court Appeal No. 239 of 2018.

2. That Council, under section 257(1)(b) of the Local Government Act 2009, resolve to delegate authority to the Chief Executive Officer to settle the Planning and Environment Court Appeal in the event that a mutually acceptable development emerges relating to the above matter.

Council Decision

It was MOVED by Councillor A Greaney, SECONDED by Councillor L Walker:

"that the officer’s recommendation be adopted."

Executive Summary

An appeal was filed in the Planning and Environment Court in Townsville on 29 October 2018 against a decision by Council on 25 September 2018 to refuse a development application for Development Permit – Reconfiguring a Lot – Lot Creation – One (1) into Two (2) on land located at 29 Blackview Avenue, Black River.

The applicant is seeking an order from the court that the development application be approved.

Officer’s Recommendation

2. That Council, under Section 257 of the Local Government Act 2009, resolve to delegate to the Chief Executive Officer to settle the Planning and Environment Court Appeal., in the event that a mutually acceptable settlement emerges relating to the above matter.

Council Decision

It was MOVED by Councillor A Greaney, SECONDED by Councillor L Walker:

"that the officer’s recommendation be adopted."

CARRIED UNANIMOUSLY
Executive Summary

The application relates to a Material Change of Use for a Preliminary Approval under Section 242 of the Sustainable Planning Act 2009 to override the Planning Scheme in accordance with the Kelly Street Development Code. The application is also associated with a Reconfiguring of a Lot, for one into four lots and balance land. The subject site comprises 5.66ha located at 55-77 Kelly Street Nelly Bay, on Magnetic Island. The land is zoned Community facilities and adjoins Low Density Residential zoning to north, east and west, and Low Impact Industry zoning to the south.

The overall intent of the proposed Kelly Street Development Plan is to establish additional land parcels on Magnetic Island for the purposes of low impact industry uses. The proposal is to provide a Development Plan to encourage the establishment of low impact industry type uses, in a manner that is responsive and appropriate to the nearby sensitive uses.

The proposal also includes four new low impact industry lots fronting Kelly Street, with the balance land proposed to remain as Community facilities zone. The new lots will be created over two stages with lot sizes ranging from 1,000m²-1,560m² in Stage 1 and a single lot (Lot 4) of 2626m² in Stage 2. The existing Townsville Water and Waste Building and SES Building will be wholly accommodated within proposed lot 4, with no impact on their current operations.

The application is impact assessable and therefore required public notification. During the public notification period, 22 properly made submissions were received. The submissions were not supportive of the rezoning of the land for industrial purposes and raised concerns in regards to impacts on residential amenity and the need for further industrial land. All these matters have been considered in this report, and where necessary have been addressed by reasonable and relevant conditions.

It is important to note that through extensive engagement with the community the original industrial proposal has been substantially reduced to now provide a small portion (0.6235 ha) of Low impact industry zoned land with the balance (5.043 ha) remaining within the Community facilities zone. The original proposal included 4.099 ha of Low impact industry zoned land with the remaining open space portion of 1.567 ha.

In summary, the development is generally consistent with the Strategic intent of the Townsville City Plan and all relevant assessment benchmarks.

Officer's Recommendation

That Council approve application MI17/0020 and RC17/0037 for a Preliminary Approval under Section 242 of the Sustainable Planning Act 2009 to override the Planning Scheme to allow for development in accordance with the Kelly Street Development Code associated with a Development Permit for Reconfiguring a Lot for Lot Creation - One (1) into Four (4) Lots and Balance Lot, under section 243 of the Sustainable Planning Act 2009 on land described as Lot 2 RP 715779, more particularly 55-77 Kelly Street Nelly Bay subject to the following conditions:

Reason
The development must comply with all planning scheme requirements as approved by this development permit.

Timing
During the operation and life of the development.
2. **Water Supply (Public System)**

**Condition**
The development must be serviced by the public water supply. In particular, a reticulated water supply must be provided to the frontage of each lot within the proposed development and connected to Council’s infrastructure in accordance with Part 9.3.4 Reconfiguring a lot code and Part 9.3.6 Works code of the Townsville City Plan.

*Note:* SC6.4 Development manual planning scheme policy may require a network analysis of the proposed subdivision to be undertaken.

**Reason**
To ensure that the development is appropriately serviced by reticulated water supply infrastructure in accordance with relevant code/s and policy direction.

**Timing**
Technical details are to be submitted to Council as part of an application for Operational Work.

3. **Sewerage Reticulation**

**Condition**
The development must be serviced by the public sewerage network. In particular, each allotment must be provided with a single property service and must be connected directly and separately to Council’s sewer in accordance with Part 9.3.4 Reconfiguring a lot code and Part 9.3.6 Works code of the Townsville City Plan.

*Note:* SC6.4 Development manual planning scheme policy may require a network analysis of the proposed subdivision to be undertaken.

**Reason**
To ensure that the development is appropriately serviced by reticulated sewer infrastructure in accordance with relevant code/s and policy direction.

**Timing**
Technical details are to be submitted to Council as part of an application for Operational Work.

4. **Confirmation of Existing Services**

**Condition**
The existing services for each lot must be contained within the individual allotments.

**Reason**
To ensure development is appropriately serviced by public services and/or facilities in accordance with relevant code/s and policy direction.

**Timing**
Prior to the release of the Plan of Survey.

5. **Relocation of Utilities**

**Condition**
Any relocation and/or alteration to any public utility installation required as a result of any works carried out in connection with this development must be carried out at the developer’s expense.

**Reason**
To ensure development is appropriately serviced by public services and/or facilities in accordance with relevant code/s and policy direction.
### Timing
Prior to the release of the Plan of Survey.

### 6. Soil Erosion Minimisation, Sediment Control

**Condition**
During the construction the installation and maintenance of erosion and sediment control management must be provided in accordance with Part 9.3.2 Healthy waters code of the Townsville City Plan.

*Note: The contingent design, implementation and maintenance of measures must be provided in accordance with SC6.4 Development manual planning scheme policy, specifically SC6.4.3.8.7 Erosion and sediment control plans of the Townsville City Plan.*

**Reason**
Development ensures that the receiving waters during construction are managed from the effects of increased sediment run-off in accordance with relevant code/s and policy direction.

**Timing**
Stormwater Erosion Minimisation and Sediment Control plans to be submitted to Council as part of an application for Operational Work and control measures to be maintained during the construction phase of the development.

### 7. Dust Management

**Condition**
- a) A dust management plan must be submitted for approval by council;
- b) During Level 3 and 4 water restrictions, water must not be drawn from Council’s reticulated supply;
- c) The dust management plan must include detail of where water used for dust mitigation is to be drawn from should Level 3 and 4 water restrictions be imposed during the construction of the development.

**Reason**
To ensure mitigation of potential adverse impacts of dust hazards in accordance with SC6.4 Development manual planning scheme policy, specifically SC6.4.5.2.1(12) Suppression of dust of the Townsville City Plan.

The drawing of water from a non-reticulated source is to provide the ongoing protection of Council’s reticulated supply.

**Timing**
Technical details are to be submitted to Council as part of an application for Operational Work.

### 8. Electricity and Telecommunications

**Condition**
Electricity and telecommunications must be provided in accordance with Part 9.3.6 Works code of the Townsville City Plan.

**Reason**
To provide an appropriate level of electricity and telecommunication services for the development in accordance with relevant code/s and policy direction.
Timing
Installation to be achieved prior to the release of the Plan of Survey. Where installation cannot be achieved, confirmation that supply can be provided must be obtained from the supplier.

9. **Landscape Buffer Easement**

**Condition**
An easement for the purposes of a landscape buffer must be provided over Lot 1. The easement must be maintained by the land owner in accordance with the Kelly Street Development Plan.

**Reason**
To provide a landscape buffer to the adjoining residential properties in accordance with the Kelly Street Development Plan to ensure an appropriate level of amenity is achieved.

**Timing**
The easement documents must be submitted to Council for signing at the time of lodgement of the Plan of Survey and registered in accordance with the *Land Title Act 1994*.

10. **Stormwater Drainage**

**Condition**
The development must manage stormwater drainage in accordance with Townsville City Plan requirements. In particular the contingent design and implementation must be provided in accordance with Part 9.3.2 Healthy waters code of the Townsville City Plan.

**Reason**
To convey stormwater legally and in an environmentally responsible manner in accordance with relevant code/s and policy direction.

**Timing**
Technical details are to be submitted to Council as part the application for Operational Work.

11. **Stormwater Quality Management**

**Condition**
A stormwater quality management plan (SQMP) must be submitted and approved by Council prior to the issuing of a Development Permit for Operational Work. The stormwater quality management plan SQMP must be prepared by a suitably qualified person in accordance with Part 9.3.2 Healthy waters code of the Townsville City Plan.

The SQMP must be implemented in accordance with the guideline and incorporate any further reasonable requests from Council. All works must be carried out in accordance with SC6.4 Development manual planning scheme policy of the Townsville City Plan.

**Reason**
To manage and to minimise the risk of causing environmental harm to receiving waters, damage to Council infrastructure, and unnecessary financial burdens to Council and the community.

**Timing**
Technical details are to be submitted to Council as part of an application for Operational Work.
12. **Roadworks Upgrade to Kelly Street**

**Condition**
Kelly Street must be upgraded for the full length of the frontage for Stages 1 and 2 of the development (eastern side only). The upgrade must be from the centreline of the road towards the development including a pavement width of 5.2 metres from centreline to lip of kerb and channel (barrier kerb).

All new works must be designed and constructed in accordance with Part 9.3.5 Transport, access and parking code of the Townsville City Plan.

**Reason**
To ensure an appropriate transport network is provided in accordance with relevant code/s and policy direction.

**Timing**
Technical details are to be submitted to Council as part of the application for Operational Work.

13. **Street Trees**

**Condition**
Street tree planting to beautify the neighbourhood is required in accordance with the Part 9.3.3 Landscape code of the Townsville City Plan.

**Reason**
Maintain/establish streetscape outcomes in accordance with relevant code/s and policy direction.

**Timing**
Tree planting details are to be submitted to Council as part of the application for Operational Work.

14. **Noise Attenuation**

**Condition**

- a) Noise attenuation measures to mitigate noise impacts in accordance with Part 9.3.4 Reconfiguring a lot code of the Townsville City Plan and the Kelly Street Development Plan must be adopted/constructed at each relevant stage of development; and
- b) A 2 metre high solid fence with a minimum mass of 12.5kg/m² must be provided to the side and rear boundary of Lot 1 and the rear boundary of Lots 2 and 3, unless otherwise approved by council.

**Reason**
To ensure appropriate levels of amenity are afforded to the community in accordance with relevant code/s and policy direction and the Kelly Street Development Plan.

**Timing**
Details of attenuation measures to be submitted to Council as part of an application for Operational Work and implemented prior to the release of the Plan of Survey unless otherwise approved by council.

**Advice**

1. **Infrastructure Charges**

**Condition**
An Infrastructure Charges Notice outlining the estimated infrastructure contributions payable relevant to the Development Permit is attached for your information.
2. **Water Restrictions**

**Condition**

a) To manage Townsville’s water resources, Council regulates water restrictions on a permanent basis. All development undertaken in Townsville must be mindful of the current and projected level of water restrictions that may affect development activities such as landscaping establishment and/or soil erosion and sediment control;

b) Developers remain responsible for compliance with any water restrictions as directed by council;

c) During times of significant water shortage, Council may refuse to grant developers exemptions from water restrictions for the purposes of landscaping works or soil erosion and sediment control activities;

d) In circumstances where exemptions to water restrictions are no longer issued by council, bonding of soft landscaping works will be permitted to enable the release of plans of survey and/or compliance certificates. In cases where the soft landscaping is a component of permanent soil erosion and sediment control (such as an open drain) the use of “bonded fibre matrix” type hydro-mulch products or other suitable soil erosion and sediment control methods can be carried out as alternatives to demonstrate compliance with water restrictions;

e) The responsibility for compliance with all relevant environmental protection requirements (in particular sediment and erosion control) remains with the developer; and

f) All existing approvals should already include appropriate conditions to allow for the bonding of landscaping works. Should you find that an existing approval does not provide for this flexibility, a permissible change request to amend the conditions of approval can be lodged with Council free of charge (provided no other changes are requested).

3. **Further Approvals Required**

**Condition**

a) **Operational Works**

An Operational Work application must be submitted to Council for approval prior to works commencing on site, unless otherwise approved by Council.

All engineering, soil sediment and erosion control and landscaping designs/documentation associated with such an application must be prepared and where necessary, certified by a suitably qualified/experienced person.

Submission of “As constructed” documentation in the Operational Work stage of development must appropriately denote and differentiate future private and public assets.

b) **Roadworks Approval**

A Roadworks Approval in accordance with Local Laws 4 for the installation of any hoardings, gantries or temporary road closures of the footpath or road prior to the commencement of works must be obtained from council. The application must include the following:
(i) Completed Roadworks approval application form;

(ii) Prescribed fee;

(iii) Traffic Management Plan prepared by a suitably qualified traffic professional detailing the traffic management measures put in place to manage all roadworks including pedestrians, cyclists and vehicle in accordance with the Manual of Uniform Traffic Control Devices Part 3 – Works on Roads.

If the works require closure of part of the road reserve, a temporary Road Closure Permit will be required. This permit allows for a section of road reserve to be closed for the purpose of works. The Queensland Police Service is the issuing authority for these permits. An application will need to be made to Council for a letter of no objection prior to applying to the Queensland Police Service for the permit. The Traffic Management Plan will need to be included with the application to council.

4. Connection to Council Water Supply

**Condition**
A copy of this permit and the approved water reticulation design must be submitted to Council with the appropriate application form for connection to Council’s water supply. Council will respond to the application with a quotation for the work and upon payment will schedule the works for connection.

5. Connection to Council Sewer

**Condition**
A copy of this permit and the approved sewer reticulation design must be submitted to Council with the appropriate application form for connection to Council’s sewer supply. Council will respond to the application with a quotation for the work and upon payment will schedule the works for connection.

6. Portable Long Service Leave Notification

**Condition**
As per Qleave – Building and Construction Industry Authority Guidelines, for works over $150,000, Council must sight a copy of the receipted Portable Long Service Notification and Payment form prior to the issue of a Development Permit to carry out Operational Work.

7. Payment of Rates, Charges and Expenses

**Condition**
Prior to signing the Plan of Survey, payment is required of any outstanding rates or charges levied by the Council or any expenses being a charge over the subject land.

8. Satisfaction of Approval Conditions

**Condition**
a) Unless explicitly stated elsewhere in this permit, all requirements of the conditions of this approval must be satisfied prior to Council signing the Plan of Survey.

b) Council may, at its absolute discretion, agree to accept other forms of security to guarantee compliance with conditions to enable an early signing of a Plan of Survey.
9. Limitation of Approval

**Condition**
The Council and its officers make no representations and provide no warranties as to the accuracy of the information contained in the application including its supporting material provided to it by the applicant.

The Council and its officers rely upon the applicant concerning the accuracy and completeness of the application and its supporting material and accepts the application and supporting material as constituting a representation by the applicant as to its accuracy and completeness. Insofar as the application and its supporting material may be incomplete and/or inaccurate giving rise to any claim by a third party the applicant agrees to indemnify and save the Council harmless in respect of any claim so arising.

10. Specifications and Drawings

**Condition**
Details of Council’s specifications and standard drawings can be viewed on Council’s website.

**Council Decision**

It was MOVED by Councillor A Greaney, SECONDED by Councillor L Walker:

"that the officer’s recommendation be adopted."

CARRIED UNANIMOUSLY

Councillor A Greaney and the Mayor, Councillor J Hill thanked staff with regards to the above item.

11 Planning Services - Land Use and Urban Design - Non-Commercial RV and Camping Site Operational Plan

**Executive Summary**

Rapid growth in the self-contained recreational vehicles (RV) market over the past decade has seen a substantial increase in demand for low-cost camping areas across Queensland. Council currently has six non-commercial (free) campsites, all located within the Northern Beaches area. Their unique character and locations within or next to well-maintained parks and proximity to natural water frontage (both ocean and creek), has made these sites popular destinations for self-contained drive visitors. These sites attract over 5000 visitors annually, leading to wider economic benefits for Townsville. Their popularity however also brings problems of management, and tensions with local residents.

Accordingly, there is the need to address management of these sites to improve the visitor experience and protect the amenity of surrounding residents. The proposed Non-Commercial RV and Camping Site Operational Plan proposes a number of recommendations around signage, amenities, management and regulation intended to improve the management of the sites and address any amenity impacts on adjoining residents.
Officer's Recommendation

That Council endorse the Non-Commercial RV and Camping Site Operational Plan and the recommendations outlined in the plan relating to signage, amenities, management and regulation to be implemented in the 2019/20 financial year.

Council Decision

It was MOVED by Councillor M Ryder, SECONDED by Councillor P Jacob:

13 Community Engagement - Licence to Occupy (LTO) Renewals - Townsville Outdoor Agility Dogs Sports, Canine Obedience Club of Townsville

Executive Summary

Townsville Outdoor Agility Dogs Sports Club and Canine Obedience Club of Townsville have been long term users of Heatley Park and wish to both renew their current License to Occupy agreements which expire 31 December 2018. The new agreements are proposed to be in place for another five years.

Council has previously approved the establishment of a number of License to Occupy agreements with community groups in order to formalise their use of Council controlled spaces.

License to Occupy agreements formalise the conditions under which community groups are able to make use of these spaces.

Officer’s Recommendation

That Council approve renewals to the License to Occupy (LTO) areas for the following clubs based in Heatley Park - surrounded by Lindeman Avenue, Finnerty Street, Mill Drive and Fulham Road, Heatley:

1. Townsville Outdoor Agility Dogs Sports Club; and
2. Canine Obedience Club of Townsville.

14 Community Engagement - New Lease - Townsville Central Branch Little Athletics Centre Inc

Executive Summary

Townsville Central Little Athletics Club Inc is seeking a lease over part of Lot and Plan L.201 on SP126605. Townsville City Council is the Trustee over the land.

The club has been operating in Queens Park for almost thirty years; they currently have a Licence to Occupy agreement with Council.

The lease documentation offered to the Club will include a peppercorn lease rate; however, the lease will include a clause allowing Council to implement a rental fee at any time during the lease term and can be reviewed annually on the anniversary of the lease commencement date.

The proposed lease will enable the club to install a shed that will have storage space for all of their equipment.
Officer's Recommendation

1. That Council approve the issuing of a lease to Townsville Central Athletics Club over the parcel of land located at Queens Park, 19-43 Paxton Street, North Ward 4810 (part of Lot and Plan L.201 on SP126605) for a period of ten years, for the fee of $1.00 per year, exclusive of GST, if requested.

2. That Council resolve that the exemption in section 236 (1)(b)(ii) of the Local Government Regulation 2012 applies to the disposal of the land included in the lease, because the disposal is to a community organisation.

3. That the lease provided for the Association to be responsible for the following:
   - maintenance, repair, replacement of:
     a) structural (Clause 6.1a)
     b) services/pipes/conduits (clause 6.1 (b)
     c) painting (clause 6.3)
     d) minor maintenance (clause 6.6)

35 Infrastructure Planning, Assets and Fleet - Revocation of a Public Reserve - Dan Gleeson Gardens

Executive Summary

This report recommends that Council not proceed with an application to the State to revoke the Reserve status over a portion of Dan Gleeson Gardens adjacent to the former Thuringowa Civic Centre.

Eastbrooke Centres Pty Ltd (Eastbrooke) has made application to buy the land from the State Government.

The State has offered to sell the land to Eastbrooke contingent upon the Council making application to relinquish trusteeship of that part of the Reserve Eastbrooke seeks to acquire. Council, as trustee of the land is required to undertake a public consultation as part of that process.

An initial call for public submissions regarding the proposed sale of the public reserve attracted no responses. A review of the consultation process revealed that there was confusion in regards to the question being asked. Council representatives have subsequently engaged with the community a second time to clarify the responses by asking if there is a requirement for the portion of land to remain a public reserve. Through the subsequent consultation process, it has been found there is significant opposition to the closure from residents and families that utilise the playgrounds within Dan Gleeson Gardens and the other various users of the Dan Gleeson Gardens and Thuringowa Sound Shell. The concerns for the most part relate to accessibility to these public facilities if the land is closed.
Officer’s Recommendation

That Council resolve to oppose the revocation of the Reserve status of the portion of Dan Gleeson Gardens depicted in the Report to Council.

Council Decision

It was MOVED by Councillor A Greaney, SECONDED by Councillor M Soars:

"that the officer’s recommendation be adopted."

CARRIED UNANIMOUSLY

27 CONFIDENTIAL REPORT - Townsville Water and Waste - Recycled Water Re-use Scheme

Executive Summary

As part of the 2018-19 Budget, Council allocated almost $7 million to start work on a Recycled Water Re-Use Scheme as part of the 3-point water security solution. The recycled water will be used for non-potable water for irrigation and industrial customers. This is expected to reduce demand for potable water by up to 15ML per day and, potentially, defer other capital expenditure needs.

Council officers have been working to get the scheme up and running by the end of 2019. This report seeks Council’s endorsement of a number of crucial elements required to keep the project moving forward, including:

- the commercial model for the scheme to enable negotiation on end user agreements with potential customers to be undertaken;
- approval to commence contract negotiations with the preferred supplier for construction of the recycled water plant at Cleveland Bay Purification Plant, and
- a Recycled Water Policy document.

Officer's Recommendation

1. That the report/attachments be deemed a confidential document and be treated as such in accordance with sections 171 and 200 (5) of the Local Government Act 2009 and that the document remain confidential unless Council decide otherwise by resolution.

2. That Council approve the proposed commercial model for the schemes’ operation as outlined in the Report to council.

3. That Council note the Parallel Negotiation Report which was endorsed by the Chief Executive Officer on 29 November 2018 following Council’s approval of the Tender Consideration Plan on the Cleveland Purification Plant at its meeting in July 2018.

4. That Council approve the preferred supplier for construction of the recycled water plant and for Council officers to commence formal contract negotiations with them.

5. That Council note officers will come back to Council when the contract negotiations with the preferred supplier are completed for final contract award.

Council Decision

It was MOVED by the Mayor, Councillor J Hill, SECONDED by Councillor V Coombe:

"that the officer’s recommendation be adopted."

CONFIDENTIAL REPORT - Procurement - Labour Hire Tender Recommendation

Executive Summary

Labour Hire involves the provision of short-term labour hire to support Council operations. The current contract will expire on 30 November 2018.

Council issued a public tender for RPS00061 - Labour Hire services in July 2018. The tender closed 8 August 2018. There were 15 responses received, 1 of which is the only local labour hire supplier in Townsville.

After a comprehensive evaluation of the responses it is recommended to award the supply of labour hire to five suppliers in a panel arrangement.

Opportunities for direct savings and in-direct savings are anticipated to be achieved over the term of the contract.

Officer’s Recommendation

1. That the report/attachment be deemed a confidential document and be treated as such in accordance with sections 171 and 200 (5) of the Local Government Act 2009 and that the document remain confidential unless Council decides otherwise by resolution.

2. That Council award tender RPS00061 - Labour Hire services to the below suppliers for a period of 2 years with a further two (2) x twelve (12) month extension options.

Commencement date to be 1 December 2018 with a 6 week transition period. Anticipated spend for the first year to be $3,317,556

CONFIDENTIAL REPORT - Business Services - Addition to Sole Supplier List

Executive Summary

Alteryx and Genesys are sole suppliers of specific software application that cannot be sourced from other vendors.

Alteryx was previously purchased from MIP, however following Alteryx USA acquisition of Alteryx ANZ the distributor in Australia has changed.

Genesys was previously listed in the sole supplier list as Interactive Intelligence; however it was removed. At that time the expectation was to decommission the Interactive Intelligence contact centre solution by March 2019. However, business requirements now indicate the Interactive Intelligence solution will be in use until June 2019 to support the contact centre prior to the replacement program going live.
Officer's Recommendation

1. That the report/attachment be deemed a confidential document and be treated as such in accordance with sections 171 and 200 (5) of the Local Government Act 2009 and that the document remain confidential unless Council decides otherwise by resolution.

2. That Council resolve, in accordance with section 235(a) and (b) of the Local Government Regulation 2012, that it is satisfied that the list of sole source suppliers be varied to include both Alteryx and Interactive Intelligence on the basis that they are a sole supplier or supplier of specialised or confidential services.

CONFIDENTIAL REPORT - Business Services - Mid-Year Budget Review

Executive Summary

The mid-year budget review for the 2018/19 financial year is presented in accordance with section 170 of the Local Government Regulation 2012, considering financial results to the end of November 2018.

The mid-year budget review is consistent with the Corporate Plan 2014-2019. Council's financial policies, including rates and utility charges adopted in the 2018/19 budget, remain unchanged as a result of budget review, with the exception of the Debt Policy which was updated and adopted by Council on 28 August 2018.

A part of the mid-year budget review considerations it is recommended that Council resolve to adopt the Strategic Asset Management Plan for 2018/19 to 2027/28 in accordance with section 167 of the Local Government Regulation 2012 and an updated Schedule for Fees and Charges for 2018/19.

The mid-year budget review with supporting documentation and commentary will be available to the public on Council’s website following the full Council meeting.

Officer's Recommendation

1. That the report/attachment be deemed a confidential document and be treated as such in accordance with sections 171 and 200 (5) of the Local Government Act 2009 and that the document remain confidential unless Council decides otherwise by resolution.

2. 2018/19 Mid – Year Budget Review

   2.1. That, pursuant to section 169 of the Local Government Regulation 2012, Council note the 2018/19 mid-year budget review is consistent with the corporate plan 2014-2019 (March 2017 update) adopted by Council on 4 April 2017;

   2.2. That, pursuant to section 170 of the Local Government Regulation 2012, Council adopt the mid-year budget review as set out in Tables 2-6 of Attachment 1.

   2.3. That, pursuant to section 171 of the Local Government Regulation 2012, Council adopt the reviewed long-term financial forecast as set out in Tables 7-9 of Attachment 1.

3. Fees and Charges

   3.1. That Council adopt changes to Fees and Charges as set out in Attachment 2 – Fees and Charges 2018/19 (December 2018 update),

4. Strategic Asset Management Plan

   4.1. That, pursuant to section 167 of the Local Government Regulation 2012, Council adopt the Strategic Asset Management Plan for the period of 2018/19 to 2027/28 as set out in Attachment 3.
