WATER SUPPLY (SAFETY AND RELIABILITY) ACT 2008

(‘The Water Supply Act’)

SECTION 43 NOTICE OF SERVICE PROVIDER RESTRICTIONS 2022 (NO. 1)

This notice is given under section 43 of the Water Supply Act to give effect to the following water restrictions made by Townsville City Council under section 41 of the Water Supply Act.

There is an urgent need to impose a service provider water restriction on the use and way water is used in the Townsville Local Government Area due to the impacts of a Blue Green Algal bloom in the Ross River Dam which has an impact on the volume of water which can be treated at the Douglas Water Treatment Plant.

In response to the urgent need, Townsville City Council considers it necessary to impose level 2 water restrictions on all persons using water supplied by the council in the Townsville local government area excluding Cungulla and the Paluma township, until further notice.

This service provider restrictions notice may be referred to as *Townsville and Magnetic Island Water Restrictions Notice 2022 (No. 1)*.

Restrictions:

The level 2 water restrictions are specified in schedule A to this notice, will take immediate effect and will continue to apply unless revoked or replaced.

Julie Hilder
Acting Chief Executive Officer
Townsville City Council
