

Works Notification

Murray Street Civil and Utilities Upgrade Update

Monday, 16 March 2026

What works are coming up?

Townsville City Council is continuing the delivery of the Murray Street Roadworks and Services Upgrade between Gregory and Victoria Street, North Ward.

This project is part of Council's Capital Works program, which ensures community transport, stormwater, water and sewerage infrastructure continues to meet the needs of our growing region.

When will the works take place?

Location	Murray Street, North Ward
Timing	From Monday, 23 March 2026 and are expected to take three (3) months to complete, weather and project conditions permitting.
Hours	Normal work hours are from 6am to 6pm Monday to Saturday . In exceptional cases, work may be required outside these hours.

What will the works include?

As part of this project, Council will:

- repair and replace the top layer of the road surface to improve its condition and extend pavement lifespan
- renew and replace existing water and wastewater pipes to improve service reliability and reduce the risk of future disruptions.

What does this mean for me?

If you live in or are travelling through the area, you may experience:

- construction machinery and vehicle movement
- increased levels of dust, noise, and vibrations
- temporary traffic changes, including lane and on-street parking closures, minor traffic delays and reduced speed limits.

Please be advised there will be a short pause in construction from 30 March to 6 April 2026 for the Easter holiday period.

Funding

This project is proudly funded by the Queensland Government's Works for Queensland Program.
