8	Agenda Notification	Crime Reduction through community service initiatives	Request from Community member: Qld Corrective Services supervises persons throughout Qld who are ordered by the courts to perform unpaid community service and are on reparation orders. Corrective Services would like to discuss with council where they stand in supporting the provision of community service workers with community based projects that council manage across the region. Offenders who are on reparation orders can be a great asset in providing the local community with various benefits ie. parks/gardens beautification, cemetery beautification, graffiti removal, recycling projects to name a few. Research suggests that more meaningful projects that demonstrate key benefits for the community can lead to a reduction in recidivism and completion of community service hours are more likely. Probation and parole are committed to sourcing more meaningful activities for the offenders and giving back to community as part of their reparation.	Support for the provision of community service workers within the council. Dedicated projects specifically designated for community service workers on reparation orders. Opportunities for offenders to give back to community in a positive way.	Agenda item at 6 Dec 2016 meeting.	Agreed by committee members that council should investigate opportunities for unpaid community service workers to be utilised on Council projects. Recommendation written into report for CCD in Feb.	ICAC Meeting Facilitator	
9	Agenda Notification	Employment Opportunities for persons with disability	Needs to be awareness around lack of employment opportunities for persons with disability. Should there be a conference for the business community. My response to this was that the business community don't have the time to spend all day at a conference, but possibly something short and to the point could be useful. Since the disability conference, I have been thinking about this question quite a bit. An idea I had was to have breakfast meetings and invite various business members to come along and hear about how they could be part of something exciting, pioneering, for the Townsville community. I feel it could be very helpful to have a number of Emma's clients come and speak about their involvement with Emma and how they as a business have benefited. I am wondering if this is a good idea, and any other suggestions to make?	Open to ideas from the committee.	Included on Feb 6 2017 ICAC Agenda, rolled over to 4 April 2017 meeting.	A working group to form to start the discussion and organisation on a pilot program for a breakfast to educate and discuss employment opportunities with local businesses.	ICAC Meeting Facilitator	
10	Agenda Notification	Events toolkit	CP&D Officers have identified a need for an easily accessible events toolkit to help community plan, develop and deliver local community led events in council's public spaces. A toolkit/information is required that is up to date and easily accessible, to assist groups to run good events that achieve their desired purpose.	Does the ICAC support the idea of such a toolkit and do they have any suggestions on things that it should include or on how it should look. Would the committee like to be kept involved if a toolkit is approved to be developed.	To be included on upcoming agenda.	Held over for further discussion for the next committee meeting. - Councillor M Ryder advised Townsville Enterprise will have an Events toolkit available on their public website within 2 weeks. Councillor C Doyle reminded the committee that Council's 'What's On Townsville' webpage can also be used to promote events.  <b>2018</b> - identification of existing Events Toolkits to be explored and provided to ICAC members. <b>February 2018 meeting</b> - Events toolkit - Cr Ryder confirmed that there is an existing Events Toolkit available at Townsville Enterprise Website. <b>Action:</b> Meeting Facilitator to circulate link to the Townsville Enterprise - Events Toolkit information.
