Water Pricing Plan Options (Residential Applications only)

Two water pricing plans are available to residential customers and our Customer Service Centre can help choose the best option for your property.

The Standard Plan (Fixed Allocation) will be calculated on the basis of a fixed annual service charge together with an allocation of water per consumption year. An excess water consumption charge applies for water used in excess of the allocation during the consumption year.

The Water Watcher Plan (Two Part Tariff) will be calculated on the basis of a fixed annual service charge together with a charge per kilolitre of water used.

The option selected on this form will take effect from the date of the next scheduled water meter reading.

Residential customers are permitted to change plans annually during the opt-in period each year.

NOTE >> Where multiple dwellings/ units or sub-meters are connected to the same main meter/ meters all dwellings/ units/ lots must be on the same plan.

I, the owner / builder of the above mentioned property, hereby apply for the following water pricing plan and understand and agree to the terms and conditions of the selected option.
