

Townsville City Bus Hub

PROJECT UPDATE

Date: 21 August 2017

Demolition progress

Markwell Group on Monday 21 August will demolish and remove the wall of the former hardware store building that faces Ogden Street. During this work, there will be traffic controllers managing Ogden Street traffic on a stop/go basis.

During last week, a Workplace Health and Safety audit was conducted, with Markwell Group receiving a clean bill of health for the work site.

Future Works

The plan for next week is to:

- Undertake rock breaking to create a hole in the floor slab. This will create noise.
- Once the ripper can penetrate the floor slab, the slab will be pulled up rather than broken up using rock-breaking equipment. This will reduce the amount and duration of noise.
- Removal of the concrete ground slab materials.

Normal work hours will be **7.00am to 5.00pm Monday to Friday**. In exceptional cases, work may be required outside these hours.

If you wish to receive further Project Updates by email, please email a note to that effect to mary@balfourconsulting.com.au – any questions can be sent to the same address or by phoning the number below.

We appreciate your patience and cooperation while these works are conducted.
