Look Up in the Sky - Challenge Sheet

1

The Challenge for all Curious Kids

- Art allows us to view science and the world in different ways.
- Let's be curious about the sky.
- What is the story you see in the sky today?

2

What do we need?

- Cotton wool, ribbon, dried pasta, magazines or anything you have
- Pencils, pens
- Paper or cardboard - all colours
- Glue, sticky tape, scissors

3

Explore & Create

- Let's go outside, sit down, look up in the sky and watch. Make sure you are sun safe.
- What do you see? Can you make out shapes in the clouds?
- What is the story in the sky?
- Draw, create, make what story you saw in the sky.

4

Question to Ask & Words to Use

- What did you see? What did you feel? Can you show me?
- How are you going to do that? What could you use?
- What can you hear? What do you see?
- Sky, clouds, perception, unique, viewpoint, individual, artist, colour

5

Show & Share

- Display your sky art on a table or wall inside just like in an art gallery.
- Show your friends.
- Talk about the story in your sky art.
