

Works Notification

Reid Park Circuit Resurfacing Works

Thursday 16 July 2026

What works are coming up?

Townsville City Council is renewing the Reid Park V8 Circuit to ensure it remains safe, reliable and ready to host major motorsport events into the future.

After 18 years of service, sections of the circuit have reached the end of their operational life, with inspections identifying cracking and surface deterioration across the track.

Following the 2026 NTI Townsville 500, Council will resurface all Council-managed and jointly managed Townsville City Council and Department of Transport and Main Roads (DTMR) sections of the circuit.

When will the works take place?

Location	Reid Park Circuit, Railway Estate
Timing	Stage One works start on Monday 20 July 2026 and are expected to take two (2) weeks to complete, weather permitting. Stage Two works start on Friday 21 August 2026 and are expected to take one (1) week to complete, weather permitting.
Hours	Regular work hours are 6am to 6pm, Monday to Saturday . In exceptional cases, work may be required outside these hours.

What will the works include?

As part of these works, Council will:

- mill identified sections of road surface
- dispose of removed pavement materials off-site
- supply and lay race grade asphalt
- reinstate road line marking and associated infrastructure as required.

What does this mean for me?

If you live in or are travelling through the area, you may experience:

- construction machinery and vehicle movement
- increased levels of dust, noise, and vibrations
- temporary traffic changes, including lane closures, full road closures, night works, minor traffic delays and reduced speed limits.

Funding

This project proudly funded by the Queensland Government's Works for Queensland program.
