

Works Notification

Murray Street Civil and Utilities Upgrade Update

Tuesday 29 September 2026

What works are coming up?

Townsville City Council is pleased to share that works on the Murray Street Civil and Utilities Upgrade are progressing well, with the project now expected to be completed by the end of November 2026, weather permitting.

Council has completed the culvert works and sewer renewal works between Victoria Street and Gregory Street.

Water main renewal works are commencing this week and are expected to take four (4) weeks to complete. Once these works are finished, crews will begin road reconstruction and pavement works.

Following completion of all major construction activities, Council will undertake restoration works, including lawn and irrigation reinstatement where required.

When will the works take place?

Location	Murray Street, North Ward
Timing	Works commenced on Monday 23 March 2026 and are programmed for completion by the end of November 2026 , weather permitting.
Hours	Regular work hours are from 6am to 6pm Monday to Saturday. In exceptional cases, work may be required outside these hours.

What will the works include?

As part of the remaining works, Council will:

- complete water main renewal works
- undertake road reconstruction and pavement works
- restore affected areas, including lawn and irrigation reinstatement where required.

What does this mean for me?

If you live near or travel through the area, you may experience:

- construction activity and vehicle movements
- temporary lane closures and changed traffic conditions
- reduced speed limits and minor delays
- temporary driveway or property access changes where required
- noise during periods of active construction.

Council appreciates your patience while these essential upgrades are completed and will continue to keep residents informed as works progress.

Funding

Proudly funded by the Queensland Government's Works for Queensland Program.
