

# Project Update – Ingham Road/Greer Lane Drainage Works

**Works location:** Ingham Road inbound/Greer Lane, West End

## September 2017 update

Works by Townsville City Council installing a new stormwater drainage system in Ingham Road between Greer Lane and the North Coast Railway Line (Queensland Rail) have been underway throughout August. This stage of the works is 70% complete and should conclude by mid September. The changed traffic conditions will remain in place until the work is complete.

A further stage of the project requires continuing the construction of the new stormwater drainage system under the North Coast Railway Line (Queensland Rail reserve). This work is in the final stages of planning and scheduled to commence in late 2017 pending Queensland Rail approvals.

### \***Changed traffic conditions**

The changed traffic conditions are:

- Closure of the in-bound lane on Ingham Road near Greer Lane.
- Inbound traffic detour at Church Street and onto Ingham Road Service Road, exiting at Sturt Street.
- No left turn at Sturt Street onto the Ingham Service Road.
- A reduction in available parking spaces during construction works.

Pedestrian and property access, including to the Townsville West State School, will be maintained during these works. There will be no access from Ingham Road to Greer Lane. Access for local traffic will be via Pridmore Street.

The detours in place are:

Ingham Road (inbound to city)	Local traffic only past Church Street Detour eastbound: right at Church Street, left at Livingstone Street, left at Castling Street, right at Ingham Service Road to Sturt Street/Ingham Road intersection
Ingham Road (outbound from city)	Single lane only past Greer Street

**Please see attached map (reverse side) for traffic route information.**

**All businesses on Ingham Road will be open for trade during this time**

**Key Contact:** For access and other information, Townsville City Council Customer Service (Project Manager Michael Browne)

We appreciate your patience and cooperation while these works are conducted.

# Changed traffic conditions – late August to mid September 2017

## Ingham Road/Greer Lane Drainage works, West End

Works occurring in September will continue to use the changed traffic flow arrangements presently in place. Works are anticipated to conclude mid September. Normal two-way traffic conditions will resume when works are complete. Hours of work are approximately 6pm to 6am.

Please drive with care and follow the direction of signage and traffic controllers.
