I declare that the information I have provided in this form is complete and correct. I understand that giving false or misleading information is a serious offence under section 234 of the *Local Government Act 2009*. A Right of Burial Certificate is a legal document and permits the right to be buried in a particular plot and the right to authorise the burial of others in the same plot (up to the number permitted in that plot as determined by Council).

The Right of Burial Holder (and Applicant where applicable) must abide with all rules or regulations that may apply to the operation of the Cemetery. Council may vary its rules and regulations at any time and in any manner deemed necessary. On the death of the Right of Burial Holder, it is the family's responsibility to apply for the transfer of Right of Burial into the rightful beneficiary's name, should they wish to do so.

Advice provided by the Applicant is relied upon by Council in good faith. Council does not accept any responsibility for allowing an interment that might be the subject of a later dispute between family members, executors and/or assigns. The Applicant for this *Interment Consent Application Form* will be the only person authorised to apply for a **Monument Construction Permit**, unless a formal **Right of Burial Transfer** occurs. By signing this form, I acknowledge and accept the terms outlined in the *Townsville Cemeteries Statement of Principles*.

Applicant Declaration

I, _____, certify that:

the family have appointed me as the Applicant for the above mentioned interment.

the family have been informed that a **Construction Permit** for the grave/site can only be authorised by the Applicant for the Right of Burial Holder's interment, unless a formal **Right of Burial Transfer Application** occurs into the rightful beneficiary's name, as specified in legal documentation such as a Last Will of Testament (or in the event a Will is not in place, following the Succession Act).

the above mentioned information, to the best of my knowledge, is true and correct.
