Introduction >>

I am pleased to present the 2014/15 Corporate Performance Report for final quarter.

This Quarter 4 report represents a culmination of work between Finance and Corporate Governance to achieve a combined quarterly report on our financial and performance data. The new Financial Enterprise Asset Management and Corporate Performance Management systems has allowed us to improve on the information presented to council.

This report represents the fourth quarter of reporting on the Corporate Plan 2014 - 2019, council's key strategic planning document from which all other plans and programs within council flow. The Operational Plan and Budget 2014/15 provide the foundation for continuing to implement the services and programmes we have committed and budgeted to deliver.

In 2014/15, council have planned to deliver a number of important infrastructure projects which will contribute to the social fabric of our community, such as the Jezzine Barracks Redevelopment, planning for the Ross Creek Promenade Urban Design and Activation Strategy, the new Douglas and Mount Louisa Water Reservoirs, the Refurbishment of Tony Ireland Stadium and Flood mitigation road works on Blakey's Crossing.

The Local Government Regulation 2012 requires the Chief Executive Officer to present written quarterly assessments of council's progress towards delivering its annual Operational Plan. The Corporate Performance Report fulfils this requirement and provides substantive evidence for council and the community of our progress in delivering our annual operational plan each quarter and in delivering our promised outcomes for the city.

The following provides a snapshot of the achievements made during Quarter 4 of 2014/15:

- Commencement of Dalrymple Road Bridge construction
- Completion of Illich Park Masterplan
- Completion of Wild Dog Management Program
- Successful 30 ways in 30 Days Campaign
- Completion and endorsement of 2015/16 Reconciliation Action Plan by council
- Implementation of Bushfire Mitigation Program
- Successful 2015 Pet Expo and Savannah Literary Festival held
- Development of Digital Futures Plan for Library Services

Financial Performance >>

The performance report provides a year to date financial update by Core Service, Service and Programme. It details the year to date (YTD) budget and actuals for Operating Revenue, operating Expenses, Capital Revenue, Capital Works and Contributed Assets.

Further details of council's financial performance can be obtained through the Budget Variance Reports presented to council monthly.

Overall performance by Core Service >>

There are eight Core Services:- Community & Culture, Enabling Services, Environmental & Sustainability, Public Infrastructure, Solid Waste Management, Waste Water Services, Water Services and Planning & Development. A summary of progress against the Core Services can be found over the page on page 10.

I thank the council and staff for their contribution to the quarter and look forward to continuing the good work throughout the year.

Ray Burton

Chief Executive Officer

Programme Performance by Core Service - Quarter 4

Explaining our Corporate Performance Report >>

Council's Corporate Performance Report is delivered quarterly and assesses the cumulative progress towards delivering the activities defined in the Operational Plan and Budget 2014/15.

The report is structured in accordance with council's Corporate Planning Framework. Progress in delivering council's services and programmes is measured using key performance indicators and milestones and provides the basis for an annual assessment of progress towards meeting the goals and strategies outlined in the Corporate Plan.

The Operational Plan and Budget 2014/15 identifies the services and programmes to be delivered over the course of the financial year. It can be noted throughout the report that some milestones are scheduled to be delivered across each of the four quarters while others are programmed for delivery in one or more specified quarters.

The Core Service section of this performance report, page 13 onwards, provides an overview of all Programmes and their current status. More detailed Programme information including key performance indicators and milestones can be found in the Programme Detail section of this report, page 31 onwards.. The key performance indicators, targets and milestones were set by each Department for the delivery of their programmes for the 2014/15 financial year. An explanation of each field is shown in the tables below.

In summary, by providing a cumulative assessment over the four quarters of the financial year and annual Operational Plan, council has the opportunity to respond more effectively to significant changes in our operating environment, whether they be social, economic, environmental or internal changes that affect our organisational capacity to deliver the annual Operational Plan.
