

Tourism and major events

The Townsville North Queensland tourism and events industry embraces visitors who come to the region for leisure, business, events, visiting friends and relatives (VFR) and education.

VISITATION NUMBERS

The region recorded over 1 million (1,032,000) overnight visitors in 2013/14. Townsville has experienced consistent visitation of between 900,000 and 1,150,000 visitors over the past seven years.

Visitation to Townsville is dominated by the domestic market, accounting for 85-90% of total visitation each year.

Townsville attracts a healthy visitor mix, including around 40% holiday visitors, 40% VFR, and 20% business visitation. Tertiary education is also a major driver of visitation to the region through James Cook University. The industry contributes over \$2 million to the regional economy every day and supports around 4,000 jobs (TEQ, 2012).

VISITOR EXPENDITURE

Queensland aims to double the value of tourism by 2020. As part of this state-wide goal, Townsville North Queensland aims to lift the value of its overnight visitation from \$662 million in 2013 to \$1.04 billion by 2020 (an increase of \$382 million, \$54.5 million per annum).

TOURISM PRECINCTS

To support this growth in tourism, the *Townsville City Economic Development Plan* targets three key tourism destination precincts:

- Townsville CBD
- Magnetic Island
- Balgal Beach, Northern Beaches and Paluma.

Although visitor activity is not confined to these three precincts, they are strategically important areas for future tourism activity. The precincts possess a significant share of Townsville's existing tourism activity, investment, and natural assets and have a high potential for future tourism development.
