

Council Works Notification

Ross Dam to Douglas Water Treatment Plant Pipeline Works

Work location: Riverway Drive, Kelso

Flyer delivery date: By June 15 2022

Townsville City Council is committed to providing and maintaining over \$5.4B worth of community assets consisting of water and wastewater networks, bridges, drainage, roads, waste management and more throughout our city. Through this commitment Council has appointed local survey company Rowlands to conduct the following important works:

Ross Dam to Douglas Water Treatment Plant Pipeline Duplication

Townsville City Council is duplicating the Ross River Dam to Douglas Water Treatment Plant (RRDDWTP) pipeline. This key water infrastructure asset is essential in Townsville's water supply, providing approximately 85% of the city's water.

Works will duplicate the existing pipeline, which runs adjacent to Riverway Drive and crosses Ross River just prior to the treatment plant. Installing a duplicate pipeline will increase the resilience of this key asset, further enhancing Townsville's water security.

The duplicate pipeline will cross Ross River closer to the dam and run parallel to the river through the Department of Defence Mount Stuart Training Area before connecting to the Douglas Water Treatment Plant.

The construction contractor has been appointed and pipe deliveries are underway.

Upcoming works involve:

- Late June: Geotechnical investigations including excavations through the Ross River.
- Late July and August: Clearing of several trees in Ross Park and along upper Riverway Drive Road verge.
- Late September and October: Trenching work (3-4m deep) to commence at the Ross Dam in August and September and along Riverway Drive in front of the booster pump station.

Local amenity impacts may involve noise, warning lights, heavy vehicle operating alarms, and occasional dust.

Refer to the diagram over the page showing the construction alignment. Commencement date of works are indicative pending variable such as ground and weather conditions.

Normal work hours are **7am to 5pm Monday to Friday**. In exceptional cases, work may be required outside these hours, subject to approval.

Townsville City Council appreciates your patience whilst this work is conducted
