

Works Notification

UPDATE | Winifred Street Flood Improvement Project

Friday 21 August 2026

What works are coming up?

Council is continuing stage 2 of drainage improvements along Winifred Street, including drainage upgrades and road works at the Winifred Street and Brownhill Street intersection.

This project forms part of Council's Stormwater Capital Works Program, which aims to improve drainage across the city's stormwater network.

When will the works take place?

Location	Winifred Street and Brownhill Street intersection, Mundingburra
Timing	Works commenced Monday 16 March 2026 . Works are on track and are expected to be completed by the end of August 2026 , weather permitting.
Hours	6am to 6pm Monday to Saturday.

What will the works include?

As part of this project, Council will:

- upgrade drainage infrastructure at the Winifred and Brownhill Street intersection
- duplicate the drainage line along Winifred Street to the Ross River
- resurface Winifred Street
- revegetate impacted areas, including the park and river embankment.

What does this mean for me?

If you live in or are travelling through the area, you may experience:

- temporary pedestrian detours

- ongoing machinery and vehicle movements
- increased dust, noise and vibration
- short-term traffic changes, including lane closures, detours, reduced speed limits and minor delays.

What works have been completed:

As part of these works, Council has:

- installed a new stormwater drainage system in Brownhill Street and duplicated the stormwater drainage network in Winifred Street, connecting to the Ross River outlet
- constructed eight kerb inlets and reconstructed sections of kerb and channel in Brownhill Street and Winifred Street
- constructed a new drainage inlet at the park adjacent to No. 38 Brownhill Street
- reconstructed and resurfaced the road pavement in Brownhill Street and Winifred Street.

Funding

This project is funded by Townsville City Council.
