

Works Notification

UPDATE – Mitchell, Gregory, and Eyre Street Pathway Upgrade – Phase One

Thursday, 13 February 2025

What works are coming up?

Townsville City Council is preparing to commence Phase One of this project. Phase One involves upgrading the pathway bordering Coles, extending from Mitchell Street to the corner of Mitchell and Gregory Streets. Council will maintain access to the Coles supermarket during the construction work. However, customers and staff will temporarily lose on-street parking in the affected area. A total of 12 parking spaces will be unavailable during this period.

When will the works take place?

Location	Bordering Coles, extending from Mitchell Street to the corner of Mitchell and Gregory Streets.
Timing	From Monday, 17 February 2025 and are expected to take three (3) weeks to complete, weather permitting.
Hours	Normal work hours are from 6am to 6pm Monday to Saturday . In exceptional cases, work may be required outside these hours.

Funding

Proudly funded by the Queensland Government's Works for Queensland program in association with Townsville City Council.

What will the works include?

- Traffic management and installation of temporary fencing
- Removal of existing pavers and associated materials
- Remediation of the power pole support foundation

- Preparation of formwork and commencement of concrete pours
- Application of two coats of sealer.

Once the work is completed, we will clean the site, remove the temporary fencing, and reopen the pathway and the road to the public.

What does this mean for me?

Council assures businesses that access will remain open throughout the project. We will make every effort to minimise disruptions and keep stakeholders updated.

If you live in or are travelling through the area, you may experience:

- Construction machinery and vehicle movement.
- Increased levels of dust, noise, and vibrations.
- Temporary traffic changes, including lane closures, minor traffic delays and reduced speed limits.
- Temporary loss of on-street parking and disruption to the outdoor dining areas.
