

Works Notification

Castle Hill Road & Stanley Street Slope Remediation

Thursday, 17 July 2025

What works are coming up?

Following recent pre-wet and post-wet season inspections of Townsville inner city slope stability, Townsville City Council plans to undertake rockfall protection and slope stabilisation remedial works along the Stanley Street cutting and Castle Hill Road.

This project is part of Council's ongoing management of the heritage reserve and an outcome of our Castle Hill Reserve Emergency Management Plan (CHREMP).

The CHREMP describes the processes and controls designed to ensure Council's compliance with its statutory obligations and to mitigate the risk of identified hazards to people, property, and the natural environment.

We will continue to update the community as the planning of these works progress.

When will the works take place?

Location	Stanley Street cutting and Castle Hill Road, Townsville City
Timing	<p>Council expects to commence Stanley Street works at the end of July 2025, with construction activities to take two (2) months to complete.</p> <p>Works along Castle Hill Road will likely start at the end of September 2025, with construction activities to take one (1) month to complete.</p>
Hours	Regular work hours are from 7am to 5pm, Monday through Friday . In exceptional cases, Council may require activities outside these hours.

Funding

This project is funded by Townsville City Council.

What will the works include?

As part of these works, Council will:

- remove unstable portions of the slope
- shape the remaining slope to a consistent grade
- install rock dowels, soil nails and rockfall mesh
- apply shotcrete as required.

What does this mean for me?

If you live in or are travelling through the area, you may experience:

- construction machinery and vehicle movement
- increased levels of dust, noise, and vibrations
- temporary traffic changes, including lane and road closures, minor traffic delays and reduced speed limits.
