

Works Notification

Jones Road to No Name Road upgrade (site office)

What works are coming up?

Council will be carrying out work to upgrade the intersection of Jones Road and No Name Road at Woodstock. Delivered by civil contractor BMD Constructions, this is part of enabling infrastructure works for the Lansdown Eco-industrial Precinct. To support this work, a temporary site office will be established.

When will the works take place?

Location	Corner of Woodstock Ave and Jones Rd
Timing	From Monday 30 June 2025 and expected to take two (2) weeks to complete, weather and project conditions permitting.
Hours	Normal work hours are from 6am to 6pm Monday to Saturday . In exceptional cases, work may be required outside these hours.

What will the works include?

- Clearing of vegetation and installation of a new permanent property boundary fence
- Temporary establishment of site compound facilities including site offices, generator for power, toilet facilities, fencing and vehicle car parking
- BMD will have security measures in place to keep the site secure

- Vehicles will access the site office from Jones Road.

What does this mean for me?

If you live in or are travelling through the area, you may experience:

- Construction machinery and vehicle movement
- Increased levels of dust, noise, and vibrations
- Temporary traffic changes, including lane closures, temporary traffic lights, minor traffic delays and reduced speed limits
- Once the site office is established, there will be regular traffic accessing the site during normal work hours.

Funding

Lansdown Eco-Industrial Precinct is jointly funded by the Australian Government and Queensland Government, in association with Townsville City Council.
