Frequently Asked Questions

Townsville City Council issues rates notices half yearly, usually in February and August. These notices include charges for general rates and utilities (water, sewerage, and rubbish). Supplementary notices are issued throughout the year for properties that undergo changes that may affect their rating categories i.e. change of ownership, subdivisions or material changes of use, or when there has been a change to the services available to the property i.e. ordered bins, changed water plan. These Frequently Asked Questions may help you plan your rate payments or provide you with information regarding your rates notice. Please contact the Customer Service Centre on **13 48 10** for more information.

Discounts and Concessions

Can I receive a discount on my rates?

A prompt payment discount will apply to certain rates and charges upon full payment of all rates and charges, including arrears, by the discount date shown on the notice.

Council has decided to allow a 5% discount to the payment of differential general rates for rateable land included in differential rating category 1 - Residential Principal Place of Residence to encourage the prompt payment of rates and charges on certain properties.

Pensioner Concessions

Council offers a concession, to eligible pensioners who own and occupy their property as their principal place of residence.

The Queensland Government also provides a subsidy to approved pensioners. This is determined by the Department of Communities, Disability Services and Seniors. This subsidy is paid by the State Government to Council to pass on to approved applicants.

What other concessions are available?

Yes, you can now check the balance owing on your property for rates and utility charges. For more information visit Council's website.

What do I need to do if my postal address changes?

Is there a charge to make changes to ownerships, title or land records?

Council's records must reflect the same detail as displayed on the title deed of the property held by the Department of Resources.

Council is charged a fee for the supply of information relating to any changes to title which include ownership, name and land changes. To assist in the recovery of costs, a \$63.40 Change of Ownership fee is passed onto the owner(s) of the property whenever Council is required to amend the property record.

Is there a charge to get a copy of a rates/water notice?

Land Valuations FAQs

How does Council determine the rateable value of land?

Council uses the unimproved or site valuation as advised by Department of Resources to determine the rateable value. The last valuation of the city was 1 October 2024 with the valuation being applied from 1 July 2025.

Is there a separate valuation for each lot in a plan of a subdivision?

Section 52 of the Land Valuation Act 2010 provides for a separate valuation record for each lot.

This means that a valuation will be issued in the name of the subdivider for each lot on plan.

There will be no subsequent split actions. Section 50 states that the amount of each valuation issued will be adjusted by the local Council by a reduction of 40%, or other value as contained in the *Land Valuation Act 2010*. This section applies provided the land is not developed and continues to be owned by the original subdivider.

How can I object to my valuation?

Any owner who is dissatisfied with the valuation made by the Department of Resources under the *Land Valuation Act 2010* can lodge an objection. This must be done within 60 days of the date of issue of your notice of valuation.

Objection forms and full details regarding objections to valuations can be found at: qld.gov.au/environment/land/title/valuation/lodge-objections
