Works Notification

UPDATE| Wulguru Water Main Upgrade Works

Friday 6 November 2026

What works are coming up?

Townsville City Council is continuing construction works to deliver a new underground water main and associated infrastructure along seven road corridors in Wulguru.

This project forms part of Council's annual Water Infrastructure Maintenance Program, which is designed to ensure our community's water connectivity needs are met and operating efficiently.

When will the works take place?

Location	Seven Road Corridors, Wulguru (Highlighted overleaf)
Timing	Works commenced **Tuesday 5 May 2026** and are on track to be completed by **January 2027**, weather permitting.
Hours	Regular work hours are from **6am to 6pm, Monday to Saturday**. In exceptional cases, work may be required outside these hours.

What will the works include?

As part of these works, Council will:

- install a new underground water main pipeline and remove/decommission the existing pipeline.
- undertake testing operations and complete site remediations.

What does this mean for me?

If you live in or are travelling through the area, you may experience:

- construction machinery and increased vehicle movement
- higher levels of dust, noise, and vibrations
- temporary traffic changes, including lane closures, reduced speed limits, minor delays, and on-street parking closures
- water outages may occur during work. Council will notify affected properties in advance to reduce any inconvenience.

What works have been completed:

As part of these works, Council has:

- completed the Stuart Drive underbore crossing
- completed the open trench installation and backfilling of the new water main at Stuart Drive, Grevillea Street, Normanby Street, Gloucester Crescent, Georgina Street and Orpheus Street.

Funding

This project is funded by Townsville City Council.
